It is our intent to provide sound control definitions and standards toward this end. Our organization, in making efforts to limit offensive noise emissions, wishes to demonstrate a desire for harmony with nearby residents, which in turn will reduce the likelihood of complaints and general intolerance of our sport. Cal Club Autocross will follow the National Standards for Sound Control.

6.5 TIMING AND SCORING DOCUMENTATION

All timing and scoring documentation from a Cal Club Autocross Regional Championship Event must be turned over to the Regional Championship Points Keeper no later than the Cal Club Autocross Board meeting following the publication of the results. Timing and scoring documentation includes (if applicable) electronic timing files or master timing logs, back-up timing logs, master and station pylon logs, worker lists, timing slips, and sound logs.

Club points scored by a competitor remain with the Club of record of the competitor, at the time of the event, for yearend awards.

7.1.2 POINTS CARD RENEWAL

Expired number(s) are available on a "first-come, first-served" basis, with the exception of the protected number range 1-199 which are assigned at the discretion of the Solo Membership Chairman. If a points card holder has not entered an event in three years, the number may be reassigned, unless there are extenuating circumstances that will be examined on a case by case basis.

7.2 CLASS

Separate Classes exist for women that choose to participate in Ladies classes. For the purposes of Regional Championship Points Calculations:

- a. An Open Class consists of a minimum of three drivers.
- b. A Ladies Class consists of a minimum of three drivers.
- c. A Junior Class consists of a minimum of two drivers. However, a Junior class must have three drivers to be eligible for Team Challenge points.

7.3 POINTS

Cal Club Autocross Regional Championship points for each class shall be calculated per the following formula:

$$\text{Driver's Points} = 100 - 400 [(\text{Drivers Time} - \text{Winning Time}) / \text{Winning Time}]$$

*NOTE: Only drivers holding a current Cal Club Autocross Points card are eligible to earn points in the Cal Club Autocross Regional Championship Series.

7.3.1 ZERO POINTS

Negative points, did not run (DNR), did not finish (DNF) will be considered as zero points for that event.

7.3.2 WHEN NO CLASS EXISTS

- a. Ladies and FJ class participants shall earn points by using the formula in 7.3 with 5% added to the lowest time of all drivers holding a current Cal Club Autocross Solo Points Card in the corresponding Open class, with a maximum of 100 points possible.
- b. Open class drivers shall earn their average if their class does not exist per 7.2.

- c. Ladies shall earn their average if their class and the corresponding Open class does not exist as per 7.2

7.3.3 UNCOMPLETED CLASSES

Competitors in uncompleted Classes shall earn their average.

7.3.4 EARLY/LATE RUNS

In the event a course layout change occurs between the time a competitor takes approved early or late runs and the time that competitor's Class runs, that competitor shall earn his/her average.

7.3.5 AVERAGES: CONFLICTING SCCA EVENTS

Points card holders may request their average when attending, as an official, worker, or participant in, Regional or Divisional Club race or a National SCCA event that conflicts with a Cal Club Autocross Regional Championship. Qualifying events may include, but are not limited to, National Tour, National Pro Solo, and SCCA Convention. Attending a competing SCCA Solo Regional Championship DOES NOT qualify. The Executive Board may grant an average for a conflicting event not listed as it sees fit. All requests for average under 7.3.5 must be made to the Executive Board PRIOR to the conflicting event in order to be eligible. It is up the competitor to confirm his or her approval for their average prior to the event.

7.4 CLASS AVERAGE

A driver's average shall be calculated per the following formula:

$$A = \frac{t}{E}$$

A = The average to be calculated

t = Total points earned by the driver in his/her Class

E = Number of Cal Club Autocross Regional Championship events driver competed & earned points in for class

7.5 OVERALL AVERAGE

The average for gross points totals will be figured per the following formula:

$$OA = \frac{T}{C - n}$$

T = Total points earned by the competitor

C = Total number of Cal Club Autocross Regional Championships

n = The number of Events for which an average is to be awarded

7.6 NUMBER OF EVENTS SCORED

A competitor shall compete in at least one half (1/2) of all Championship events held in the season to be eligible for year-end awards. A competitor will drop their lowest event scores at the rate shown in Appendix D. Any event for which an entrant qualifies for an average shall be considered an attended event.

7.7 TOTAL POINTS

Points for each competitor will be totaled at the end of the year. The driver's Class or overall average (per 7.4 or 7.5) shall be added respectively for each non-work/run Event. Each competitor must have worked on the day of the event or have approval from the Cal Club Autocross Executive Board to be listed on the results as a Sanctioned Event Official for work

outside of the event. This approval must be requested by the Event Chairman.

7.8 POINTS IN MORE THAN ONE CLASS

Points for Individual Class Awards shall remain in the Class where they were earned. Points for Overall Awards shall be totaled within Open Classes or Ladies Classes. Points earned in Ladies Classes cannot be totaled with points earned in Open Classes.

7.9 YEAR-END FIRST PLACE AWARDS

First Place awards shall be given for each Class, and Overall at the end of the year if the winner earned one-half of the total possible points. In addition, the winner's Class must have existed per 7.2 in at least one-half of the Regional Championship Events for both Class and Overall Awards.

7.9.1 SUBSEQUENT PLACES

In addition, at least the following minimum number of awards shall be given: a class must average 5 entrants for a Second Place award and an additional 2.5 entrants for each subsequent award. DNF's count; DNR's, and guests do not count. Regardless of the number of entrants, when the First Place award winner is within 100 points of the net points possible, an award shall be given for a Second Place within 5% of the winner's total and awards to all others within 8% of the winner's totals.

7.9.2 OVERALL AWARDS

Overall winners in both Open and Ladies categories shall be based on Cal Club Autocross Regional Championship points calculated using indexed (from the National and Regional PAX multipliers for Solo classes) times. In addition, events shall be dropped, as per 7.6.

7.9.3 OVERALL AWARDS AND CHANGING CONDITIONS

If agreed by majority vote of the clubs participating, changing conditions due to weather or course condition will exclude an event from counting towards year-end points in the Overall Awards.

7.10 TEAM CHAMPIONSHIPS

The points keeper will track Team Points for all hosting Cal Club Autocross Member Clubs unless the club declines to participate in the team championship by notifying the points keeper.

7.10.1 TEAM POINTS

Team Points will be determined by taking the top 5 members of each competing club from Indexed Results for each event and using the indexed times; individual points will be calculated using the formula in 7.3. Points for each club's top 5 drivers will be added together to determine the team's points for that event. The Team with the highest total points at the end of the year will be awarded the Team Championship

7.10.2 TEAM RESULTS

Points for participating teams should be included in the results from each event.

7.10.3 TEAM POINTS AND CHANGING CONDITIONS

If agreed by majority vote of the clubs participating in the Team Championship, changing conditions due to weather or course condition will exclude an event from counting towards year end points in the Team Championship.

7.10.4 TEAM CHALLENGE

Each team picks 5 team members and alternate, known as Picks. Each Pick earns points equal to that person's earnings in class competition. If a chosen Pick doesn't have a class per the standard class rules (3 for open, 2 for ladies) then they earn their average for the team. No Jr Karts allowed for picks. If no class exists for a pick, alternate pick will be used. There is a 5-point penalty/30min for late pick submissions. Late submissions will default to previous month's picks before 1st car out. Picks must be submitted via Solo2 Forum official thread.

TEAM ALTERNATES: Each Team may have up to 2 alternates. Alternates shall be designated alternate 1 and alternate 2.

7.11 REGIONAL CHAMPIONSHIP AWARDS

Awards are awarded in the following manner:

- a. Open classes – One for 3 entrants, two for 5 entrants, one for each add'l 5.
- b. Ladies classes – One for 3 entrants, two for five entrants, one for each add'l 5.
- c. FJ classes – One for 2 entrants, one for each additional 3

8 PROTESTS

8.1 GROUNDS

Drivers and Event Officials shall agree to abide by these Rules and all SCCA requirements. Failure to do so will be grounds for a protest. This protest must include the section of the Rules concerned, the specific protest, and may include the action desired. If an Event is operated without compliance to 3.4 ALCOHOL/NARCOTICS (use), 3.6.1 TOMFOOLERY SQUIRRELING, 4.12.7 ENTRANTS ABOVE THE LIMIT (sound), 6.5 TIMING AND SCORING DOCUMENTATION, the Rules Sub-Committee must proceed as if a protest had been filed on the Event, with penalty to be assessed accordingly.

8.2 PROTEST OF CAR

If a driver wishes to protest the classification of a car, he shall file a written protest with the Event Chairman (before the close of the Event) with a \$10.00 deposit. The event chairman will form an ad hoc committee of at least three members to investigate the protest.

8.2.1 INSPECTION

The ad hoc committee has the right to inspect a protested car in a reasonable manner. The only persons allowed to be at the inspection of a protested car are the protestee (or their representative), a mechanic (if necessary), and the ad hoc committee. They may require that any car be kept at the Event for inspection. Removal of a protested car from the Event, for any reason, after the above notification shall cause all drivers of that car in the protested categories to lose their Cal Club Autocross Regional Championship Points for that Event and be removed from the results.

8.2.2 ACTION

The ad-hoc protest committee shall inform the protestee(s) and then inspect the car before it leaves the Event, if possible.

8.2.3 COST

If any cost is involved, the money must be deposited with the Event Chairman by the protestor or the protest shall be denied.

8.2.4 DECISION

If the protest is upheld, the original deposit and the tear down deposit goes to the protestor. If the protest is denied, the tear down deposit goes to the protestee and the protest fee goes toward the year-end awards.

8.2.5 MINIMUM PENALTY

Any action taken on a protested car concerning classification or legality of a car shall affect all drivers of that car in the protested categories. The minimum penalty, except for marginal infractions (the penalty on marginal infractions is up to the ad hoc committee), shall be the loss of Cal Club Autocross Regional Championship Points for that Event and removal from the official results.

8.3 PROTEST OF EVENT

If a driver wishes to protest the operation of a sanctioned Event, he shall file a written protest with the Cal Club Autocross Executive Board Chairman or Rules Chairman by the next Cal Club Autocross Executive Board meeting that is more than 10 days after the last date the results are postmarked.

8.3.1 ACTION

The Solo Board Chairman and Rules Chairman will act upon the protest.

8.3.2 PENALTY

The Event Officials may be fined and/or other appropriate penalties may be used if a protest of their Event is upheld.

8.4 PENALTY MODIFICATION

If a protest is upheld, the committee involved may modify the action requested.

8.5 APPEAL

If either party wishes to appeal the decision, that party should file an appeal in writing to the Cal Club Autocross Board Chairman within 10 days after announcement of the Rules Chairman's decision. The Rules Chairman shall review the findings and act on the appeal.
